

Rutgers University welcomes applications from students who demonstrate preparedness for our academic programs. The number of students we admit is determined by the number of spaces available in each entering class, the number of students who apply, and the quality of the applicant pool. These factors change from year to year and vary with each Rutgers school.

The charts indicate the SAT and ACT score ranges and grade-point averages for the middle 50% of high school students admitted to Rutgers for fall 2023. Submission of SAT and ACT test scores is optional for students applying for admission to **Rutgers University–New Brunswick and Rutgers University–Camden**. **Rutgers University–Newark** no longer requires the submission of SAT and ACT standardized test scores for most undergraduate applicants. If students choose not to submit a test score they will still receive full admission consideration. We conduct a holistic review of each student’s application that takes into consideration many more factors than test scores and cumulative grade-point averages. Students who want to submit a standardized test score with their application for 2024 admission may still do so. For more information on our test optional policy and any exceptions, please visit admissions.rutgers.edu/testoptional.
