Rutgers University welcomes applications from students who demonstrate preparedness for our academic programs. The number of students we admit is determined by the number of spaces available in each entering class, the number of students who apply, and the quality of the applicant pool. These factors change from year to year and vary with each Rutgers school.

We recommend that students send all of their SAT/ACT results to Rutgers. The redesigned SAT essay and the writing component of the ACT are strongly recommended, although not required for fall 2018. These charts indicate the SAT and ACT score ranges and grade-point averages for the middle 50% of high school students admitted to Rutgers for fall 2017. We conduct a holistic review of each student’s application that takes into consideration many more factors than test scores and cumulative grade-point average.
